

Learning Scoop and the Miracle of Finnish Education

The Miracle of Finnish Education is the result of research-based pedagogy and its innovative approach to teaching and learning. This combination supports the creation of excellent curricula and first-rate learning environments and processes.

Teacher Academy Finland

Teacher Academy Finland is an inclusive program designed for teachers, curriculum specialists and principals trained outside of Finland. Program focus on the Finnish world-class education, pedagogical quality and best practices for supporting learning. Graduates of Teacher Academy Finland become progressive teachers and education leaders.

- On-campus studying and several visits and internship periods at Finnish schools included
- Regular program lasts 5 months; program can also be tailored
- Organized in co-operation with University of Tampere.

Principal Academy Finland

Principal Academy Finland is a high-caliber further education program specifically designed for principals and school administrators who want to learn more about a world-class educational system and how it is led.

- Practical and stimulating study program includes a variety of leadership practices used in Finnish education
- Program lasts 1 month
- PAF graduates become visionary education leaders, who have the skills to build outstanding learning communities.

It was especially valuable to feel “magic of learning”.

*Natalia Gromova,
Russia*

The know-how in the fields of pedagogy is enormous and comprehensive.

Why Learning Scoop?

Learning Scoop is a Finnish company working in the fields of teacher education, leadership development and community building. We are a group of experienced teachers and experts who have received excellent feedback on our work from Finnish as well as foreign teachers and principals. Our well-executed and inspiring training sessions and study visits have empowered teachers and education developers around the world.

I'm
impressed
with
the staff
and faculty.

*Professor Emeritus,
University of Illinois*
